## Manuel's notes

### Warning

These are unofficial lecture notes written by a student. They are messy, will almost surely contain errors, typos and misunderstandings and may not be kept up to date! I do however try my best and use these notes to prepare for my exams. Feel free to email me any corrections to [mh@mssh.dev](mailto:mh@mssh.dev) or [s6mlhinz@uni-bonn.de](mailto:s6mlhinz@uni-bonn.de).  
Happy learning!
